SAFEcontractor

The contractor accreditation scheme for business

Schedule to **SAFEcontractor** certificate

This **SAFEcontractor** certificate is awarded for the following services:

- Ability to Sub-Contract works
- Asbestos Removal
- Ground Work
- Structural Demolition
- Waste- General Refuse
- Waste Disposal
- Waste Recycling

SAFEcontractor accreditation has been achieved following an assessment of the contractor's health & safety documentation, and compared against the **SAFEcontractor** Charter Standards, which set out the health & safety standards required to achieve accreditation.

The following health and safety topics have been considered during the assessment:

- policy statement
- organisation chart
- H&S responsibilities
- communication with employees
- health & safety training
- procedures / method statements
- permits to work
- manual handling
- risk assessments
- H&S adviser
- breaches of H&S legislation
- emergency procedures
- welfare arrangements
- work equipment - testing and maintenance
- personal protective equipment
- first aid and accident reporting
- COSHH assessments
- health surveillance
- accident history
- implementation of the policy
- control of sub-contractors
